Free WEB Analysis

Five free things you can do to help you get found on the Internet including how to claim your listing on Google! All aimed at getting you more business!

Need something more to gain that competitive edge – take advantage of Canpages limited time offer:

Over \$1000.00 worth of advertising for only \$24.99/month (a savings to you of approximately \$700 annually).

Print:

What you get:

Print in our 2011 Greater Vancouver directory.

Our directory includes 6 cities in one book! Vancouver, Richmond, New Westminister, Burnaby, North and West Vancouver.

- White Bold Listing in the white pages
- Classified Bold Listing in the classified (yellow) pages

Canpages.ca²:

What you get:

- Priority Listing above non-advertisers
- Business Profile / Description
- Maps and Directions
- Facebook Recommendations
- One free photo
- Link to your website

Mobile Network:

Reach a growing audience and be found within the whole network of Canpages mobile applications.

BlackBerry + iPhone + Android

What you get:

Enhance your advertising program and reach users of all Canpages Mobile Network properties. The Mobile Network provides you with equal-priority amongst mobile advertisers within category + location searches³. Your business photo, enticer line and video will also be shown to customers in your listing as well.⁴

Don't delay – book now, as this is a limited time offer!

¹ Offer expires January 31, 2011.

² includes placement in one book scope of your choice.

³ Equal priority does not effect name searches and proximity searches. Equal priority provides all advertisers a share of the top position in the search, and displays all Mobile network advertisers first.

⁴ The TXT 411 service only sends the name, address and phone number for businesses in the results.
